

Mission of Grace United Methodist Church

A place to grow as Disciples of Jesus:

Helping all people;

Healing through spiritual and emotional support;

Providing a Home where we love as God intends.

Grace United Methodist Preschool Mission Statement

To provide a safe and secure learning environment where creativity is encouraged, where a progressive curriculum is taught, and where each child is recognized as one of God's little children, growing and becoming God's desire.

We wish to provide an environment where learning takes place, instruction and encouragement is given to children, according to their unique abilities, by trained and motivated staff. We want children to be ready to transition into primary school with the ability to make good choices as well as being academically prepared.

Grace Preschool has adopted the philosophy that early childhood development and education should be a time of fun, warmth, security, exploration and discovery. Preschool children are creative and receptive. Our goal is to nurture and encourage these qualities in children.
